EDUCATION

**Kasetsart University (CSC),
Sakon Nakhon Province Campus**
Bachelor of Science in Computer Science
GPAX: 3.48 | Jun 2022 – Mar 2026

EXPERIENCE

Software Dev Intern at BANGKOK SOLUTION CO.,LTD. Nov 2025 - Present
Hotel Contract Management System

Role: Backend Developer

Tech Stack: PHP (Laravel), MySQL, Scramble, Plesk, GitHub

Key Contributions:

- Built and maintained Laravel APIs for hotel contract management features
- Implemented Excel file upload and storage
- Updated database schema and relationships (MySQL)
- Fixed backend issues and supported frontend integration

MBA Platform

Role: Backend Developer

Tech Stack: PHP (Laravel), MySQL, Tiptap Editor, Plesk, GitHub

Key Contributions:

- Built RESTful backend APIs for content and article workflows
- Designed tagging and category relationships (many-to-many) in MySQL
- Implemented media upload and file management features
- Optimized database queries and pagination for improved performance

Thai Cart — Embedded Checkout SaaS

Role: Full-stack Developer

Tech Stack: Next.js, TypeScript, Supabase, Prisma, Vercel, GitHub

Key Contributions:

- Developed an embedded checkout platform using Next.js and TypeScript
- Built REST APIs and database models for product and order workflows
- Created a merchant dashboard and JavaScript widget for external website integration
- Designed the system architecture to support a scalable SaaS product

Undergraduate Thesis

Jun 2025 - Oct 2025

EV Charging Station Location Info Website

Role: Full-stack Developer

Tech Stack: PHP (Laravel), MySQL, FileZilla, Git/GitHub

Key Contributions:

- Developed a full-stack EV charging station information website using Laravel & MySQL
- Built RESTful APIs and designed relational database schema
- Implemented authentication with role-based access control
- Integrated Google Maps API and responsive search/filter UI
- Managed deployment and version control using Git/GitHub and FileZilla

TECHNICAL SKILLS

JavaScript Node.js
TypeScript Next.js
PHP React
Python Angular
SQL Laravel
HTML5
CSS3

TOOLS

Docker Supabase
Git/GitHub DBeaver
Vercel ClickUp
Plesk Trello
FileZilla Figma
XAMPP Draw.io
Postman Scramble
Swagger

SOFT SKILLS

- Cross-functional Collaboration
- Critical Thinking
- Growth Mindset & Adaptability
- Complex Problem Solving
- Interpersonal Excellence

LANGUAGE

- Thai : Native
- English : Basic
